About APEIRON Biologics AG

APEIRON is a private biotech company based in Vienna, Austria, engaged in innovative projects in immuno-oncology. Recently, the most advanced program, an antibody-based immunotherapy to treat neuroblastoma, was granted marketing approval in the EU. The company is developing additional immunotherapies, predominantly in clinical stage, based either on targeted, tumor-specific approaches or on the stimulation of the immune system via novel and proprietary modes of action (unique checkpoint blockade mechanisms) to fight cancer by engaging the human body's natural defense mechanisms.
